PARIS BARACA CLASS WINS FIRST ROUND IN CONTEST.

The Baraca Class of the Paris Baptist church scored Sunday against the class of the Maysville Baptist Church in the membership contest recently inaugurated. The Paris class had an attendance of 45, while Maysville had 31, giving Paris a majority of 14 in the first round of the contest. Both sides are hard at work in the contest, endeavoring to make a large increase in attendance by next Sunday, February 18th.

HIGH PRICE FOR CORN.

Bourbon county farmers thought a record price for corn at a public sale had been made here recently when it sold for \$6.10 per barrel, but it remains for Grant county to show some class in corn raising. At a public sale of crops, etc., belonging to Mrs. R. Wayland, of near Williamstown, held this week, corn reached the unusual price of \$6.75 per barrel. This is undoubtedly the highest price known to have been paid in Kentucky for corn in many years.

LEBUS BUYS ABDALLAH PARK.

Mr. Clarence Lebus, of the Burley Tobacco Society, has closed a contract for the purchase of Abdallah Park, at Cynthiana, from Ben Hey, of Cincinnati, who now owns the property. The park contains seventy-four acres, and was for many years used as a fair grounds.

There is a mile track and an amphitheatre, numerous barns and stables on the grounds, and an attractive residence, once the home of Mr. W. H. Wilson, the noted horseman. The price paid is said to have been \$22,000.

HEALTH AND WELFARE LEAGUE TO CELEBRATE

The Bourbon County Health and Welfare League will celebrate the third anniversary of its organization by a special meeting to be held in the gymnasium of the Bourbon County Young Men's Christian Association.

Dr. W. L. Heiser, Secretary of the State Tuberculosis Commission, will deliver an address at 2:30 o'clock on "Tuberculosis." A special program of exercises will be rendered, and a social hour will be followed. Refreshments will be served. The meeting promises to be a most interesting one.

MR. D. D. CLINE ANNOUNCES FOR COUNTY ATTORNEY.

In this issue Mr. David D. Cline, of Paris, announces his entrance into the campaign for the office of County Attorney of Bourbon county. Mr. Cline is one of the best-known attorneys in this city, and is at present holding the office of Public Administrator. He is one of the rising young members of the Paris bar, and has been very successful in building up a good practice in this city and county. Until recently he had been a member of the firm of Hutchcraft & Cline, the firm having only recently dissolved partnership.

Mr. Cline's claims for consideration as a candidate for the office are based upon his fitness for the position, his large experience, and a feeling that he can serve the county in an official capacity just as efficiently as any of his predecessors, or any one else who may take a notion to get into the game.

L. & N. PAY DAY.

There was "money to burn," speaking figuratively, of course, in Paris, Wednesday, when the hundreds of employees of the Louisville & Nashville railroad received their pay checks. The railroad people can scent the approach of the pay check mail a day in advance, and there's no more welcome visitor in Paris than the "pay man."

The Louisville & Nashville, the three tobacco warehouses, the E. F. Spears & Sons' interests, and several others leave a large amount of money in Paris every week and month that finds its way into trade channels and helps to keep Paris commercial life going. Are they not worth encouraging to the very fullest extent?

SOME MORE WEATHER.

There may or may not be anything in groundhog business we hear so much about, but it is a certain fact that, since the little pest went back into his winter quarters on the second day of the present month, there has been some of the worst winter weather that even "the oldest inhabitant" cannot discount.

Following the recent cold snap there set in a short period of comparatively mild weather, with a prospect of a return to reason of the weather man but Wednesday night a heavy snow storm again upset all calculations, continuing until yesterday afternoon, when the temperature took another upward rise, and the snow began to melt. For a time the snowfall promised to equal the memorable one of a few weeks ago.

THIS DON'T MEAN YOU.

If you have paid your subscription to THE BOURBON NEWS don't take this to yourself. If you haven't give it a little thought—but don't get sore either. We just need the money that is due us, that's all. Quite a number of our friends have suggested to us that they thought perhaps we were joking when we told of the trouble which country newspapers face in the matter of securing paper upon which to print. Some have said they suspected it simply a new scheme to induce subscribers to "pay up," or an excuse for the increase in our prices on advertising space, etc. Luckily for THE BOURBON NEWS, however, enough of our patrons have understood the situation and "come across" and it has enabled us to secure enough news-print paper at a tremendous cost to take care of our patrons for the present. The situation is just acute as ever, and the price of printing material continues to go up, and if those who do owe us will just "come across" we will be able to continue giving them one of the best local papers in the State at the same old price of \$2.00 per year. One fellow who owed several years subscription put up the excuse that "they wuzn't no paper worth \$2.00 a year," and the editor replied, neither was tobacco worth \$113.50 a basket, nor gasoline 25 cents per gallon, nor 10 pounds of sugar worth a dollar, potatoes \$2.00 a bushel, "sow bosom" 23 cents a pound, etc. So don't get sore at us. Goodness knows we didn't start that war in Europe.
